SATURDAY MORNING, NOV. 24, 1860.

To the Public.

Every Business Man who consults his own interest, will avail himself of the columns of The Daily Sentinel,—especially when he can do so at the same prices charged by other papers, and secure more than double the advantage of circulation.

This is no boast, but every word true.

The Sentinel, having double the circulation in the city, and more than treble out of it, of any other paper here, renders it far the cheapest and most desirable medium in Milwaukee for all classes of Advertisements.

Money Matters East.

The New York money market showed a further improvement yesterday. Money was rather easier and Stocks advanced. In our own market there was no marked change. Currency was plenty, but Exchange scarce and higher. The Wheat market showed quite a large advance in the morning, but receded in the afternoon and closed dull. The weather, yesterday, indicated a speedy close of navigation. It was decidedly wintry.

Oregon and California.

The latest intelligence from the Pacific States brings the cheering news that they have gone Democratic, and Douglas and Johnson will receive the entire electoral vote of both. Oregon is reported to have given Douglas 3,000 more votes than Lincoln, and 11,000 more than Breckinridge.—*Watertown Democrat.*

The *Democrat* is decidedly ahead with its news from "the Pacific States." No such intelligence has reached us here. At the last accounts, California was claimed by both parties, and Oregon conceded to the Republicans. However, as it cannot affect the result, let us "wait and see."

Portage County—Official.

Correspondence of the Sentinel.

Stanton, Nov. 21, 1860.

Dear Sentinel.—In looking over your columns I see that you have not had the official returns of our County, and I take the liberty to give you the official returns:

President—Lincoln's majority over Douglas, 473; over Breckinridge and Douglas 413.

Congress—Hanchett's majority, 556.

Senate—Brown's majority, 400.

Assembly—Garrson's majority, 491.

The whole Republican County ticket elected, except Sheriff.

I remain yours truly, &c.,
J. Eckels.

The Testimony of an Opponent.—The Boston *Courier*, which was one of the most unscrupulous and bitter opponents of Mr. Lincoln's election, since that event has taken to reading his speeches and his record. After giving a summary of Mr. Lincoln's opinions, the *Courier* says:

"Such, in brief, is Mr. Lincoln's creed on the subject of Slavery and anti-Slavery. This differs very little from the old Whig doctrine; and Mr. Lincoln's views are much the same as those which Mr. Clay always maintained with characteristic frankness and courage, and for which he lost his election to the Presidency, in 1844, through the voice of the Liberty party."

Again, on another day, the *Courier* says:

"If he will redeem the pledges made for him by his moderate adherents—if his Administration is to be constitutional, national and patriotic—all we have to say is, that it will deserve, and will have, the support of the Union party of America. The election of such a man is not cause or justification of secession; and we tell the Governor of Georgia and Mr. Gist of South Carolina, that they are going too far."

From Washington.

Special Dispatch to the N. Y. Tribune.

Washington, Nov. 20.

THE SOUTHERN SENATORS.

Mr. Wigfall, of Texas, states that he has information to the effect that all the Southern Senators, except those from South Carolina, will be in their seats at the approaching session.

Mr. Toombs has neither resigned conditionally nor prospectively, and could not be persuaded to do so, notwithstanding all his Mexican pronunciamentos. He was quite as fierce in 1851, after abandoning General Taylor's administration, but subsided very conveniently.

AN OUTBREAK EXPECTED.

Private intelligence from Mississippi and other States to day excites much apprehension at the White House, where an outbreak in South Carolina is now feared, notwithstanding all the precautions which have been taken, and the admitted desire of the more prudent leaders to postpone any demonstration until the close of Mr. Buchanan's term. The excitement has been so worked up there, that any fool-hardy experiment might be ventured upon in a moment of passion.

If the extremists get possession of the Convention, as now seems probable, it will be difficult to prevent some overt act which may demand the interposition of the Government, and particularly as they know that the President means to denounce secession. The more reckless managers are willing to provoke a collision with the Government, hoping to have it followed by retaliation, in order, if possible, to force such Southern States into co-operation with South Carolina as now hesitate, or refuse to join their action.

THE DESKS OF THE HOUSE.

The desks have been replaced in the House of Representatives according to the order of last session, but with doubtful advantage to the progress of public business. In other respects, the Hall has not been materially changed.

THE OLD SENATE CHAMBER.

The old Senate Chamber has been altered and refitted for the use of the Supreme Court, and will be ready for its reception at the opening of the term on the 3rd of December. This transfer from the basement of the Capitol was long needed.

The President and Vice-President Elect in Chicago.

Hon. Abraham Lincoln, President elect of the United States, and his wife, reached this city quite unexpectedly last evening, by the St. Louis train, and Hon. Hannibal Hamlin, Vice President elect, arrived by the Michigan Central R. R. this morning. They meet here by appointment, to arrange certain preliminaries for the future.

This is the first time these distinguished gentlemen have seen each other since their nomination. The meeting was cordial in the highest degree; and the Tremont House has swarmed all the morning with those who were anxious to see and greet them. It will be gratifying to the public to know that both Mr. Lincoln and Mr. Hamlin are in excellent health and in the best of spirits.—*Chi. Journal, Nov. 22.*

A Sad Hunting Party.—A party consisting of Messrs. Samuel McKitrick, R. S. Riley, and Calvin Morley, all of this village, went to a location about 25 miles north of Tomah, for the purpose of gathering cranberries and hunting. Arriving there on the 3d inst., Mr. Morley went to a place about 2 1-2 miles from their camp to shoot deer, and while crossing a point of land running into a swamp, he discovered a skeleton of a white man, a lower bone of one leg broken; he had on a fine suit of clothes, with the pockets cut out, and lying by him, was a copy of the "Herald of Progress," dated April 14, 1860, upon which is written with pencil "John S. Force."—*Viroqua (Bad Ax Co.) Times, Nov 17.*

Destructive Fire.

Crowley, manufacturer of woolen goods; George Clayton, carpet manufacturer; and C. R. Nellis, dyer. Eighty persons are thrown out of employment.

Lecture Before the Y. M. Association on Tuesday Evening.—What should have put such an obsolete idea into Curtis' head as the text of his Lecture? Is he coming with malice aforethought, to tread on our toes—to twit us of debts we are unable to pay?—Has he had dealings with Sidney Smith? Rather, it must be, he is after those naughty Pennsylvanians, or Mississippians, or Illinoians. Seriously: our first thought was, the the subject would be too didactic for a popular audience; but on reflection we have concluded it is one of great capabilities, and will admit of an expansive treatment at the the hands of a wit and humorist, like Curtis. For instance, would it not serve as a string on which to hang his own, or somebody else's school-boy reminiscences! How, when a lad, he had trudged his way unwilly to school, where some solemn pedagogue had set him up for a *copy*—"Honesty is the best policy"—with the injunction to repeat the homely truth, all over the page and not to blot its fair surface, under penalty of whip and ferule; unmindful, the wretch, of the contingency of Tom Brown "jogging" or "sticking pins," or the distracting influence of his sister Mary's eyes. Episodes like this, told, as Mr. C. knows how to do it, would relieve the tedium, if any, of the grandfatherly talk. Go and hear.

Amusements for Next Week.—Our Musical Society give us one of their popular concerts, at Albany Hall, on Monday evening.

On Tuesday, George W. Curtis, a brilliant Lecturer, opens the winter course before the Young Men's Association.

On Wednesday, the "Benicia Boy" and his companions, give an exhibition in the "manly art," at the Academy of Music.

On Thursday, everybody will keep Thanksgiving and remember the poor.

On Friday, the Scotchmen in our city celebrate Saint Andrew's Day by a dinner at the Newhall.

And on Saturday, there will be a trial of skill, at "euchre with the ace," among six of the best players in our city. Stakes, two cans of "Monumentals."

Another Wintry Day.—We had another touch of winter yesterday, "only more so." The weather in the morning was quite moderate; but towards noon the clouds gathered; the wind "piped up" from the northwest; flurries of snow filled the air; and everything betokened a storm. At nightfall the northern blasts swept fiercely thro' our streets; the air was thick with driving snow; and people hurried to seek the shelter of house and home. It must have been a fearful night on the lake.

Sam. Cowell Coming.—This famous musical comedian, who has met with remarkable success in New York, Boston and other Eastern cities, and is universally spoken of by the press, as a comic original of the best sort, will give one or more of his peculiar entertainments in our city, during the first week in December. Cowell is a sure cure for "the blues."

Choice Cigars.—Lovers of the weed will find an assortment of the best cigars ever brought to Milwaukee, at Mr. C. B. Allen's on Main street, one door north of Wisconsin. We have tried them and know whereof we speak.

Personal.—Our distinguished fellow-citizen, Carl Schurz, left here yesterday, on his way to the East. He will meet there, as here, a cordial reception from his Republican friends and fellow-citizens.

Personal.—Among the arrivals, yesterday, at the Newhall House, were Gov. Randall and Hon. Timothy O. Howe, of Green Bay. Both gentlemen were looking well and in fine spirits.

"Struck a Lead.—The "family paper" is in its element. The Burch divorce case, rich in scandal, furnishes forth, daily, several of its columns with appropriate matter. Excellent reading for "families."

The Oak Creek Murder.

Five men, named Thos. Jairies, John Haffer, Seaman Haffer, Carl Brown and Phil. Hener were put on their examination, charged with the murder of William Haley, by wounds inflicted on the head of the deceased, on the 6th of November at the saloon of Thos. Jairies, in the town of Oak Creek, in the county of Milwaukee.—The deceased died on the 12th of November, six days after the wounds were received.

John Haley, the complainant in the case, a brother of the deceased, testified, in substance, that on the night of the election there was a row at the polls which were held at the saloon of Thomas Jairies (one of the accused,) and that there was shouting and pushing, and that in that row his brother received the injuries which caused his death, as he believed, but he could not tell of his own knowledge, how or by whom the injuries were done; the blows were all inflicted on the head. Witness saw no blows struck; saw young Haffer strike at somebody, but did not learn whether he had anything in his hand or not. Witness stated that he (witness) was a constable, and, on hearing of the row, went into the saloon to quell the disturbance; that while in there he received two blows from Thomas Jairies with, he thought, an axe handle. Deceased lived three miles from the polls, and walked home that night ahead of witness. Deceased was attended by Dr. Harris, of Oak Creek, then by Dr. Schneider, of Racine. He died on the 13th of November, at his mother's house.

Dr. Dousman testified that he made a *post mortem* examination of the deceased; he found three wounds of the scalp, differing in size, penetrating through the scalp only.—One wound immediately above the right eye was about 2 1-2 inches long; at the lower part of this wound, the skull was fractured, a "piece of skull about as large as a half dollar, was broken in," and under the depression of the fracture was an effusion, with a clot of blood, the membrane of the brain was not injured; neither of the membranes were broken; "the immediate cause of the death was inflammation of the brain, and the injuries inflicted on the head were sufficient and probably caused the death;" could not tell what weapons the wounds were made with; blows from the fist could not inflict such wounds.

Dr. Harris, of Oak Creek, assisted at the *post mortem* examination; that he had heard the testimony of Dr. Dousman, and corroborated it in every particular. The Dr. stated he (Harris) did not see the deceased until the 8th of November; that he made a very slight examination of the wounds; that he was induced to think favorably of them, from the time elapsing since their infliction, and as no derangement had taken place he did not suspect a fracture of the skull; he cleansed the principal wound, as suppuration had commenced, drew it together with strips of adhesive plaster, and left the patient; "there were no symptoms of inflammation of the brain then; the pulse was about 80 to the minute, that was all.

James Newcomb, sworn—Stated that Haley was struck several times the night of the 6th, by John Haffer; that Haffer had in his hand a half brick with which he struck the deceased; the deceased raised his head (the blood was pouring down his face) and went out; witness did not see either Brown or Hener do anything; Brown had his coat off and seemed excited, but Hener did not seem excited at all. The witness described the row at the Saloon, in which there was pushing and hauling and striking going on, but identified none other than John Haffer as having struck deceased; the witness had seen but one man in the melee with a stick in his hand, but could not tell who it was; the man with the stick was a stranger to witness; he (witness) had been drinking election night; could not say how much he had drank.

James Kneeland testified that he was present at the difficulty; saw Seaman Haffer have hold of deceased by the hair of the head, and saw John Haffer strike deceased several blows at this time, either with a half brick or stone, which he held in his hand; that deceased was doing nothing at the time; saw Jairies with a stick in his hand, but did not see him strike; witness tried to separate them, when he (witness) received a blow at the time which cut through his hat and cut his head; he (witness) was trying to make peace, when he was struck: witness did not hear Haley say anything; heard nothing said; just before the difficulty saw John Haffer and another man, unknown to witness, go across the road, and, stooping down, picked up something, witness supposing that they were weapons; at this time there was no row; no words were spoken between Haley and Haffer; didn't know what the difficulty was about; saw no person struck but Haffer; witness stated that neither Brown or Hener did anything.

On the cross-examination, the witnesses testimony was somewhat shaken, a leaning for the prosecution, by the witness, being made manifest.

James Diamond testified to seeing old man Haffer hold the deceased by the hair while John Haffer struck the blows; also saw Jairies with half an axe handle, strike over the heads of several, and hit deceased several times on the back; did not see either Brown or Hener do anything; witness denied seeing the rest have sticks, or strike, or do anything; that nothing was said in English, the Germans only talking. This witness' description was a most curious and improbable one. He was subjected to a severe cross-examination, the counsel keeping him completely confused.

Richard White testified that he was present a short time before the row; that Seaman Haffer came to him and told him that his son, John Haffer was either in trouble or would make trouble; that he, John Haffer, and deceased had hit each other in the face with their caps, and that deceased had hurt his (John's) nose; witness interceded, and deceased said, if he had hurt John Haffer, he was sorry for it; witness then made deceased and John Haffer shake hands, telling them that they had "worked hard together all day for the democratic party and they must not quarrel"; witness saw Thomas Jairies strike John Haley two or three times with a stick that he (Jairies) said he had taken from an Irish boy; witness did not see deceased struck.

Michael White said he knew nothing about it.

Prosecution rested.

Judge Hubbell here remarked that there was no evidence whatever against either of the defendants, Brown, or Hener, and therefore moved their discharge from arrest. The Court ordered the discharge of Carl Brown and Philip Hener.

John Hanch, for the defence, described a regular row; several Irishmen with sticks entered the bar-room of Jairies; Jairies asked them what they were going to do with the sticks, that if they wanted to fight they must go out of the house, they should not fight in his house. Witness thought that deceased had a stick; saw John Haley ground old man Haffer, and struck John Haffer knocking him along; John Haffer went to the corner, and then turned round facing the crowd; that when the difficulty occurred between the deceased and young Haffer, the old man Haffer interfered, holding his son with one hand, and deceased with the other, trying to stop the fight; witness stated that the fight was commenced by John Haley striking John Haffer; that John Haley went towards Thomas Jairies, and that the latter struck John Haley twice with a stick; that he, Jairies, had taken from one of the Irishmen.—The witness described a regular fight, in which the Irishmen and Germans were mussed up; fighting going on all through the room; drinking had been going on all through the day; witness himself was sober, not having drank any beer for four or five hours.

The cross-examination of this witness did not vary his direct evidence, except declining the remark from the witness, that "John Haffer was seen all the vile, and he fight like a shentlemen all through."

Peter Jero stated that John Haffer accused some one of throwing a stone at him; that the party accused denied having thrown any stone; Haffer called up a witness to the charge; the accused called Haffer a liar; Haffer went away; came back with his coat and neck handkerchief off, and with a half brick or stone in his hand. The witness stated that John Haley struck the first blow, hitting John Haffer and knocking him almost over the stove. Seaman Haffer tried to separate them and prevent a fight; during the fight witness saw John Haffer strike at some one; did not see who the blow fell on; old man Haffer was the only man that tried to make peace; John Haley did not try to make peace.

Michael Hanck's evidence was corroborative of that of the preceding witness in every particular, stating that Seaman Haffer was all the while trying to make peace.

Philip Hener, (one of the discharged defendants,) now testified that "all them Irish boys was against me, because I vote not the Democrat; I vote for Republican; them Irish boys want fight me all the time." Witness stated that it was a general fight; the whole crowd mixed in; witness did not fight himself; saw deceased after he was hit and his face bloody, but could not tell who struck him.

On the cross examination the witness denied that John Haley (the constable) made any effort to keep the peace, but repeated that John Haley commenced the row by striking John Haffer.

Nicholas Schinaltz confirmed the evidence of the last two witnesses as to the commencement of the fracas.

Arnold Leonard testified to the efforts of Seaman Haffer to part the crowd when they were fighting, and that he (Haffer) tried to to make peace.

Judge Hubbell made a few remarks for the defence, claiming that Mr. Jairies was in no way connected, by the evidence, with the killing of Haley; that one witness testified to his having struck deceased three or four blows on the back, but this was doubtful from the manner in which the witness testified; as to Seaman Haffer, one or two witnesses stated that he had hold of deceased by the hair, but the whole weight of the evidence was that he, throughout the fracas, was a peace maker, trying to keep the assailants apart; the counsel contended that Jairies, being the landlord, had a right to resort to some force to clear his house, and prevent a fight therein; and that, under all the circumstances, Jairies and Seaman Haffer ought to be discharged; as to John Haffer, he could not ask the Court not to bind him over, but that he ought not to be held in heavy bail, as a murderous intent on the part of John Haffer against the deceased had not yet been made out; he hoped he would place the bail low and enable the young man to present his case to a petit jury.

The District Attorney claimed that the fact of the old man having hold of the deceased at the time, it was claimed that John Haffer struck him; then he ought to be held for trial. And as to Jairies, it had been shown that he had struck the deceased, and should be also held for trial; that the question was if these three men's guilt was one for a jury to determine.

Judge Mallory remarked that if that brickbat had been kept out of the scrape, death would not have ensued, and the matter would have ended without our having heard it. But the fact of a human being having lost his life, strikes us all with horror. The court went into a brief review of the evidence, and remarked that he did not feel at liberty to discharge either; he must hold them all for trial. The bail will be fixed at $10,000 each.

Judge Hubbell—Good God, your honor, this man, pointing to Jairies, has no idea of leaving or going away.

The three men were taken back to jail, the counsel expressing his determination that, in the event of their not being able to obtain the exhorbitant bail fixed, he should apply for a *habeas corpus.*

The Concert Last Night—Mrs. C. Varian James.—The extremely inclement weather, last evening, disposed everybody to keep within doors; and consequently the audience in Albany Hall, to hear Mrs James, was more select, than numerous. The lady, too, was a stranger in our city and came hither, almost unheralded. Nevertheless, when she came upon the stage, her attractive appearance at once prepossessed the audience in her favor; while her sweet and powerful voice and excellent method soon won their approving judgment. She was enthusiastically applauded in every piece and in one, or two, an *encore* was persistently demanded and cheerfully complied with. Mr. Hoffman, on the Piano, and Mr Alexander, on the Violin, acquitted themselves creditably and added much to the enjoyment of the audience.

Mrs. James gives her second and last concert at Albany Hall *to-night.* The programme is an inviting one. We hope that Mrs. James will be favored with better weather, and greeted by a larger audience, than she had yesterday. We can confidently commend the entertainment to our music-loving readers, as one that will repay their attendance, and is worthy of their patronage.

Municipal Court, Nov. 23.—Jehu H. Lewis, U. S. Marshal, assault and battery. Defendant in Court at 8 A. M. Jury came into Court, and by their foreman, James Johnson, reported their inability to agree, and that there was no likelihood of their being able to agree; whereupon the Court discharged the jury. Ordered by District Attorney that nolle pros. be entered in said cause, and that defendant be discharged.—Whereupon defendant was discharged.

Theodore Aolen, disorderly. Fined $5,00 and costs. Paid.

Wm. Beekman, disorderly. Penalty and costs $6,50; or 10 days in jail. Paid.

Thomas Jairies, John Heffer, Seamen Haffer, Carl Brown and Phillip Hener charged with the murder of Wm. Healy. Examination progressing.

Boston Commission House.—We invite attention to the card of Messrs. J. and J. F. Lamson & Co., Commission Merchants, in our advertising columns, this morning. They sell all kinds of country, produce, and give excellent references.

Legal Luxuries.

For the Sentinel.

Mr. Editor:—I notice in the *News* of this morning, the following pleasant little bill for the people to pay:

What it Costs.—As a mere matter of curiosity, and to show what litigation costs the people, we herewith present the bill of costs in the case of the State against Jehu H. Lewis, which was brought to a close in the Police Court yesterday. It has been continued from time to time, and the amount is an unusually large one for a Police Court:

Clerk's fees	$5 75
Sheriff's fees	23,09
Jurors fees	50,64
Witness fees	113,16
Total	$192,45

Now will the *News* be good enough to furnish the items of the bill, in the case of the State *vs.* J. A. Seger? In addition to Clerk, Sheriff, Jurors and Witnesses fees, there is the pay for two "eminent counsel" (probably not less than $500) employed to *assist* the District Attorney. Who employed them and by what authority? Could not Mr. Corson have conducted the case alone? These questions are asked by

A Tax-payer.

Milwaukee, Nov. 23.

The Young Men's Lyceum of Milwaukee.—The first meeting of the Lyceum for this season will be held this evening at 7 1-2 o'clock, in Good Templar's Hall, in Bowman's Block, in accordance with the call of the Executive Committee. There should be a full attendance at this meeting of all who have heretofore had, or hereafter expect to have, an interest in the Lyceum. All members and all those who may wish to become members, or have any inclination in that direction, should be present at this meeting, at all events; so that they may all have a part in the election of officers, and organization for action. This will secure good feeling among members, and prevent all future fault-finding. Let all turn out *en masse* and attend this meeting.

"Let him that thinketh he standeth take heed lest he fall."—These are slippery times; the head bobs around at every whistling of the wind; everybody is nervous. One thing is very certain, we are better off in Milwaukee to-day than we have been for years. We have no reason to be the least alarmed. This momentary fire (we are now in,) will thoroughly purify us, so that in time we shall be better off than we ever have been.

Do not allow yourselves to be swindled out of the Illinois money you hold by bears and bulls. It is good and will be worth its face in gold. I have a large auction sale on Monday, of Ready Made Clothing, Yankee Notions, Dry Goods, &c., and Illinois money will be taken at par at the City Auction Rooms, and all who want clothing at private sale can purchase in the same way.

Caleb Wall.

Among the many apparent trifles continually being brought to the surface from the ideal under-world of the unknown, there are occasionally simple articles costing but little in detail, but whose combined benefits, usefulness and economy of time and money, aggregate on the basis of millions. Such an article is Spalding's Prepared Glue. Its uses are innumerable, and as its cost is next to nothing, the demand for it is universal. It is prepared with chemicals, and used cold—requiring but little skill or time for its application.—*N. Y. Home Journal, Aug. 27, 1859.*

Harper's Weekly—A New Story by Dickens.—The number of Harper's Weekly for this week, contains the first three chapters of a new story by Charles Dickens, published in advance from the manuscript and proof-sheets of the author. It is graphically illustrated, and promises to be a very entertaining tale. Tunis & Co. at their News Depot on Wisconsin street, have for sale Harper and all the other late publications.

Lectures on Spiritualism.—Miss Laura De Force, the celebrated lecturer, will continue her course of Lectures at Good Templar's Hall, Bowman's Block, on Sunday at 2 1-2 and 7 o'clock P. M. Admittance 10 cts. The audience will have an opportunity to propound questions on subjects pertaining to the Lectures, at the close of each Lecture. The public are respectfully invited to attend.

Illinois Money taken at Par.—The undersigned will take Illinois money at par (except those banks which are discredited at Chicago) in exchange for dry goods and carpets, which he is selling cheaper than usual, having just returned from the East with a tremendous stock, which was bought at ruinous prices. J. L. Davis,
d2t 186 and 188 East Water street, Mil.

Nine Points of the Law.—Possession is said to be "nine points of the law;" but the cook who has possession of a package of James Pyle's Dietetic Saleratus has the *whole* law of bread, biscuit and cake making in her own hands. Be sure of the right kind. Depot, 345 Washington Street, New York. Sold by grocers everywhere.

Five tons choice new New York State Dried Apples, in lots, for sale at 5 1 2 cents per pound. Will receive Illinois money in payment—excepting uncurrent—at par.

OUR ADVICE TO ALL WHO ARE IN any way troubled with Erysipelas, Canker, Salt Rheum, Scrofula, or other forms of humor, is to use Dr. S. A. Weaver's justly celebrated and never-failing remedies for these complaints. We have no doubt, that at least half the chronic complaints in existence have their origin in some form of a humor, which only needs to be eradicated from the system, to save them from an untimely grave. We are glad that Dr. Weaver has turned his attention to this class of diseases which have been so long neglected and which have so rapidly increased in almost all parts of the world. The thousands who have already been cured, are but so many living certificates, appealing to suffering humanity, and attesting the worth of a truly valuable discovery.

A NEW
Hoop and Rattan Machine!!

THE SUBSCRIBER HAS SUCCEEDED in producing Machines for the purpose of splitting and dressing Hoops. The principles developed in the Machines are admired by mechanics for simplicity, and durability, as well as the light power required to operate them, in consequence of the oscillating or vibrating motion of the Splitting Knife applied to opening the pole, with a perfect and simple arrangement for entering it, and requiring no alteration in splitting the smallest keg to large hogshead hoops, and is equally well adapted to splitting Rattans, Osiers, Willows and Basket Stuff. The machines have received the highest premiums at the late Fairs at Boston and Baltimore.
Parties wanting Machines we would refer to Mr. F. A. Basset, of Baraboo, Wis., who has a sett in operation.

THE SENTINEL.

DAILY, TRI-WEEKLY & WEEKLY

RUFUS KING, EDITOR.

SATURDAY MORNING, NOV. 24, 1860

Senator Trumbull at Springfield.

We publish this morning the speech delivered by Senator TRUMBULL at Springfield, Illinois, the home of the President elect, on the occasion of the Republican jubilee there, last Tuesday. Mr. TRUMBULL is a recognized and able leader in the Republican host, and speaks as one having authority. His personal and political relations, moreover, with Mr. LINCOLN, lend additional significance to what he says. The speech, no doubt, foreshadows substantially the policy of the incoming Administration, and, as such, will command general attention and approval.

The Cause of the Trouble.

The *News* of yesterday undertakes to inform its readers "what has caused this great commotion" in the Southern States. Of course, the *News* holds that the North, and the Republican party in particular, are responsible for the trouble. And to make out its case, the *News* publishes the Personal Liberty Law of Wisconsin, and calls attention thereto as follows:

> WISCONSIN NULLIFICATION.—We publish in this issue an enactment of the Wisconsin Legislature, in order that our Republican friends, who pretend to be ignorant of the causes which have driven the South into its present attitude, may inform themselves on this important, and, at present, all absorbing subject.—This enactment, we think was copied from one in Vermont, which is conceded to be the most objectionable in form, of any of the several enactments of that kind, with, perhaps, the single exception of the one adopted in Massachusetts. Be this as it may, however, the Wisconsin act is so bad that its authors dare not attempt to enforce it.

This, says the *News* of Friday, is the great grievance of which the South justly complains—the enactment of a law, by the Legislature of Wisconsin, which *is so bad that its authors dare not attempt to enforce it.* In other words, the *News* holds that an inoperative law in Wisconsin is sufficient pretext for secession in South Carolina. Let us appeal from "Philip drunk to Philip sober"—from the *News* of Friday to the *News* of Thursday. Here is what the *News* of Thursday said on this same subject:

> SMALL POTATOES.—The New York *Evening Post* thinks the South unreasonable in making such a fuss, because Massachusetts, Vermont, Michigan, Maine, Rhode Island, Connecticut and Wisconsin—seven out of the seventeen non-slaveholding States—have passed laws nullifying the fugitive slave law. *We are inclined to think the Post is pretty near right.* These States besides being small are so located that very few fugitive slaves ever find their way into them, while the great States of Pennsylvania, New York, Ohio, Indiana and Illinois, which have passed no such laws, are much more exposed to their visitations.—Besides here in Wisconsin, *the law is a nullity*, as those who passed it refuse to enforce it.

Not only does the *News* thus emphatically contradict itself, but it is contradicted by South Carolina. That State, which initiated the Secession movement, does not even pretend that the cause which the *News* assigns, has "driven it into its present attitude."—In the Legislature of South Carolina, Mr. MCGOWAN, of Abbeville, thus frankly stated the case:

> Lincoln's election is taken as an occasion for action, but with us IT IS NOT THE ONLY CAUSE FOR ACTION. *We have delayed for the last ten years for nothing but co-operation.* We thought it the best and wisest policy to remain in the Union with our Southern sisters, in order to arrange the time when and the manner how of going out, and nothing else.

South Carolina has been trying, for "ten years," to "secede," and only waited for other Southern States "to co-operate." She cared not a fig for these Personal Liberty Laws. They did not affect her in the remotest degree. The complaint on that score is a mere pretext—the "fuss" about it, as the *News* itself declares, "*small potatoes.*"

Now what gave birth to the laws of which the *News* speaks? Why the intolerant action of the South itself. Here the N. York *Courier and Enquirer*, an able, influential and conservative paper:

> If the South in 1850, had yielded to the appeals of Mr. Webster and his conservative friends, and made the fugitive slave law less offensive—if they had recognized in that act, the right of every person in the Northern States, to have tested before a Jury the great fact whether he be a Slave or a Freeman, before a transfer to the Slave markets of the South—if in all such cases, the rights and privileges of the writ of *habeas corpus*, had been conceded—*there never would have been any necessity or plea for the Legislation in certain Northern States which has given so much offence to the South.* But all the appeals of Mr. Webster and his friends in behalf of the amendments they proposed, which would have rendered the law effective, and at the same time acceptable to all parties, were contemptuously rejected. Nor is this all. The history of the day records the fact, that after the bill had become a law, certain Southern Senators boastingly said:—"You have got your *compromise* measures; but we have rendered the Fugitive Slave Law so obnoxious to your people, that it cannot be executed, and the end is not yet!"

That is just the plain, simple, unvarnished truth. The South *commenced* the aggression and the North fought back. But "let bygones be bygones." Let the South consent to a modification of the obnoxious Fugitive Slave act, and the North will interpose no obstacles to the enforcement of that, or any other constitutional statute.

The Famine in Kansas.

The proclamation of Gov. RANDALL, appealing to the people of this State, to give of their abundance to the starving people of Kansas, will be found elsewhere. Let this appeal be heard and heeded. Our brethren in Kansas are in sore need of food and clothing, and without timely help, suffering and death must be the lot of many of them.

We find the following card in the N. Y. *Tribune* of Tuesday last:

> *To the Editor of the N. Y. Tribune:*
>
> SIR: In order to aid the general movement now on foot to relieve the distress among the population of portions of Kansas, the American and United States Express Companies will forward, free of charge, contributions in money or clothing, intended for the use of the sufferers and addressed to the committees at Leavenworth. You will be furthering a deserving charity by giving publicity to this notice through the columns of the Tribune.

Bishop ARENHEIMER of New Jersey has set an admirable example to the Christian Churches of the North, by issuing an address calling upon the Churches in his diocese to take up collections on Thanksgiving Day, for the benefit of the suffering people of Kansas. Were all the Churches of the Free North to follow this example, the proceeds would permanently relieve those who are now suffering so sorely in that Territory.

> WHAT NEXT?—We were [illegible] *Sentinel* yesterday [illegible] surprised on op[illegible] [illegible] morning to find under [illegible] the editorial head [illegible] quotations from a speech of Daniel Webster, against nullification and secession, leaded and published with approving comments.—*News of yesterday.*

We hope that the *News* experiences no ill effects from its "surprise." It was certainly no part of our purpose to shock its sensitive nerves, or disturb its usually placid temper. The "quotations" referred to are eminently sound. We commend them to the leisurely digestion of the *News*, and of its Democratic yoke-fellows down South.

MOVEMENTS OF MR. DOUGLAS.—The rumor of the serious illness of Senator DOUGLAS is contradicted. He is on his Mississippi plantation, in good health.

Some of our western exchanges mention a rumor that Mr. DOUGLAS intended to visit Columbia, South Carolina, and make a Union speech there. The Palmetto State would not tolerate such "impertinence."

DESTRUCTIVE FIRE AT CHICAGO.—The wholesale drug store of O. F. FULLER & Co., Nos. 52 and 54 Franklin street, Chicago, was entirely destroyed by fire early on Thursday morning. Loss $80,000; insurance $45,000 on the stock; the building, five story brick, cost $18,000 and was insured for $10,000. Several adjoining frame tenements were much damaged by falling walls, fire and water. The total loss by the fire exceeds $100,000.

NEBRASKA LEGISLATURE.—The Nebraska Legislature, at its next session, will stand, three Republican majority in the Council, and eleven in the Assembly, giving fourteen on joint ballot. This is much better than was at first expected.

KANSAS LEGISLATURE.—So far as heard from, the newly elected House of Representatives of the Kansas Territorial Legislature, stands 26 Republicans to 19 Democrats.—One, or two Districts remain to be heard from.

LINCOLN'S ELECTION IN KANSAS.—The Topeka *State Record* of Nov. 17th, thus describes the feeling with which the news of LINCOLN's election was received throughout Kansas:

> "It is not possible for any one at a distance to conceive with what emotions of joy the news of the election of Lincoln fills the people of Kansas. They have been so long ground by the heel of oppression, and drank the bitter dregs of malice and spite, which two vindictive administrations have seen fit to pour out upon them, that the shout of victory that we hear echoed from one State to another, electrifies them with new life and new hopes; and even the dread of the cold winter, with its scanty supplies, is half taken away in their transports of joy. As the news travels westward the illumination of every hamlet and town, the booming of cannon, and the bright joyful faces, all speak of the "glad tiding of great joy," "Lincoln is President," and in him the people think they see a man who will bring the government back to its pristine purity; one who dares to administer even handed justice to those whom a Southern oligarchy have proscribed."

THE KINGDOM OF ITALY.—According to statistics published in a recent number of the *Nationale*, of Naples, which are supposed to be correct enough for all practical purposes, the population of the several provinces of which the Italian monarchy is likely to consist will be as follows:

Naples	6,843,355
Sicily	2,208,392
The two Sicilies	9,051,747
Piedmont	4,368,972
Deduct for Savoy and Nice	513,500
Total	3,855,472
The Islands of Sardinia	547,112
Piedmont and Sardinia	4,402,584
Lombardy	2,825,219
The Roman States, minus Rome & Comarca	2,681,771
Tuscany	1,917,166
Modena	600,676
Parma and Pacenza	505,754
General total	21,587,247

A CHINESE PUZZLE.—GOV. LETCHER'S letter reached Madison, by telegraph, in the following questionable shape. We copy from the *Argus*, comments and all:

[Somebody has been writing a letter—this is the way we get it, the telegraph working badly last night.]

Constitutional obligations with strict fidelity. He then indicates his determination to defraud the State of Virginia, necessary between the Southern States and their assailants come from what generation they may.'

We don't wonder that brother CALKINS was puzzled what to make of this farrago.

THE FAMINE IN KANSAS.

TO THE PEOPLE OF WISCONSIN.

EXECUTIVE OFFICE,
MADISON, WIS., Nov. 22, '60.

Since the issue of my Proclamation for the Annual Thanksgiving, calling upon you, blessed in a remarkable degree this year with an abundance of the fruits of the earth, to render thanks to the Bountiful Giver, the details have come to us of destitution and suffering in another portion of our country, where the rains have not fallen, and the parched earth has borne no crops. In the midst of our abundance, it is very difficult to realize the fact that but a few hundred miles from us, not less than THIRTY OR FORTY THOUSAND of our fellow-beings are at this moment suffering greatly from the total failure of their crops. Such a startling fact needs but to be brought to the knowledge of a people who are overflowing with abundance, to cause speedy help to be sent to the needy.

Citizens of Wisconsin! the destitute, starving condition of thousands of the settlers of Kansas is a TERRIBLE fact, thoroughly attested. Immediate and liberal contributions of money, to buy provisions and clothing and pay freights on donations forwarded, and of grain, flour, and provisions of every kind, are imperatively needed to save the lives of men, women and children who have literally *nothing* to eat, and *nothing* to sell, to raise means for the purpose of food or clothing. In no better way can you exhibit your thankfulness for blessings conferred by Providence than by showing love and charity to the needy.

As the Executive of this State, I urge that wherever Relief Committees have not been already formed, action to that end be taken at once. Contributions of provisions may be sent forward, in many cases free, on all the public thoroughfares, and should be marked "Kansas Relief," and addressed to "Gen'l S. C. Pomeroy, Atchison, Kansas."—Money is much needed to pay freights on contributions now going forward, and may either be forwarded by local committees, or direct (in drafts where practicable) to the order of Gen'l Pomeroy, as above. Whatever is done should be done speedily; for the lives of thousands of our fellow-beings are dependent upon our charity and love.

ALEXANDER W. RANDALL.

Personal Liberty Laws.

So far as the laws referred to are concerned, it is entirely clear, that the States enacting them are the aggressors. They have been the pioneers in the work of secession and disunion. They have deliberately repudiated one of the plain and explicit articles of the Constitution, and the laws of Congress founded thereon, and, by the State action, have, as far as possible, rejected and nullified both.—*Atlas and Argus.*

The Fugitive Slave Law was not only "aggressive," but vindictive—so vindictive that it defeats its execution; for the popular sentiment was aroused, less by the principle involved in the Law, than by its obnoxious and hostile details. The bill was framed, more with a view to degrade and outrage Freemen than to restore Slaves. We raised this objection to it while pending in the U. S. Senate, and have known ever since that if the Law is a nullity, it has been rendered void more on account of its vindictiveness than of its principles.

That the Constitution calls for a Congressional Fugitive Slave Law we have never denied. Nor do we hesitate in yielding obedience to all the requirements of the Constitution. But there is a decent and brutal way of enforcing every right. Senator Mason, of Virginia, in framing the Fugitive Law, made it odious and insulting. His speech in its favor was bitter and vituperative. In short, it was a Bill better calculated (if indeed that was its intent) to cause strife and discord than to carry out a hard provision of the Constitution. And to their shame be it spoken, Northern Dough-faces voted for and passed it.

New York has enacted no Personal Liberty Law. Though pressed frequently upon the Legislature, in retaliation for the *vindictive* provisions of the Fugitive Slave Law, we have never felt that there was any p[illegible] tical necessity for it. We have not, [illegible] and are not likely to suffer any abridg[illegible] [illegible] ment of Personal Liberty.

We cannot speak fo[illegible] [illegible] then to express [illegible] other States, farther spirit could [illegible] the hope, that if the right question [illegible] be awakened all round, the the [illegible] might be adjusted. The South, in [illegible] language of Mr. Lincoln, is "entitled to an efficient Fugitive Slave Law." Let such a law be enacted promptly, when Congress meets, and we venture to express the opinion that Personal Liberty Laws would be repealed.

The Federal officers should be armed with all the authority and power needful in executing the Fugitive Slave Law. It should punish all who resist its execution. But when it inflicts pains and penalties, in the form of fine and imprisonment upon private citizens who refuse to become either Sheriffs, Constables or Policemen, it goes too far and exacts too much.

There is, however, but faint hope of awakening, in South Carolina, anything like justice, reason or common sense. That State has no interest in, and cares nothing for the Fugitive Slave Law. The Treason rife there has been seeking pretexts for years. It has only a pretext now—a lame and flimsy pretext.—*Albany Eve. Journal, Nov. 19.*

JEFFERSON TERRITORY.—We had the pleasure, last evening, of meeting our friend B. D. Williams, Esq., delegate to Congress from Jefferson Territory. He informs us that the census report will show the population to exceed 50,000. Denver City alone has 8,000 inhabitants. The miners are generally making money, and some of them fortunes. There are two hundred and fifty quartz mills in the Territory, costing from $12,000 to $25,000 each. It is estimated that $3,000,000 will be mined the present year. What the inhabitants most want is a stable Government of some kind. There is no law except a provisional government law which does not amount to much. Lynch law reigns supreme, and theives as well as murderers are hung. Mr. Williams gives the most flattering picture of the prosperety of the Territory.—*Louisville Courier, 19th.*

Mill Burned.

OSWEGO, N. Y. Nov. 21.

The Huron flour mill in this city, owned by W. W. Baker of Lockport was destroyed by fire last night. Loss on building and contents, $45,000, on which there was an insurance of $30,000.

A FRENCHMAN, wishing to speak of the cream of the English poets forgot the word, and said "de butter of poets."

THERE is nothing which hurts the moral tone of the mind more than doing things which go against our conscience, even in immaterial matters.

SPEECH OF HON. LYMAN TRUMBULL,

At Springfield, November 20.

FELLOW CITIZENS:—It is meet that Republicans should make merry and be glad; for the spirit of liberty, which, with our rulers was dead, is alive again; and the Constitution, ordained to secure its blessings, which was lost sight of, is found. In view of the recent political triumphs, Illinois Republicans have especial reason for congratulation. In common with their political brethren throughout the Union, they rejoice in the general result, which secures to the country a Republican President, who, we trust and believe, is to bring back the government to the policy of the fathers, and thereby restore the fraternal feeling which existed between the different sections of the country in the purer and better days of the Republic. In addition, they have elected the entire Republican State ticket, and have the satisfaction of having secured a Republican Legislature, and thereby a Republican United States Senator, and the power to enact the necessary laws to prevent illegal voting, and to give to every part of the State, according to population, its proportionate share in the legislation of the State. And more than this, we Illinoisans have especial reason to rejoice in the fact that the standard bearer in this great political contest, who has led the Republican hosts to victory, is our own fellow-citizen, the pure, incorruptible, patriotic and talented Lincoln, than whom the Constitution, in all its parts, has not a more faithful supporter, nor the Union an abler defender.

But while we rejoice over a victory so complete, let it not be by way of triumph over political opponents, for we are all, by whatever name called, brethren of a common country, and interested alike in so guiding the ship of State through the boisterous waves of these tempestuous times, as to bring it to a haven of peace and safety; rather let us rejoice over the success of the principles we advocate, the maintainance of which we believe essential to the preservation of our free institutions and the perpetuity of constitutional liberty.

Mr. Lincoln, although the candidate of the Republican party, as Chief Magistrate, will neither belong to that, or any other party. When inaugurated, he will be the President of the country and the whole country, and I doubt not, will be as ready to defend and protect the State in which he has not received a solitary vote, against any encroachment upon its constitutional rights, as the one in which he has received the largest majority.

While they, by whose votes he has been designated as Chief Magistrate of the Republic, will expect him to maintain and carry forward the principles on which he was elected, they know that in doing so, no encroachments will be made on the reserved rights of any of the States. They know that the Federal Government is one of delegated powers, that it can do nothing except the authority of the act can be found in the instrument that created it; and that all powers not conferred are reserved to the States, or the people of the States. Hence, when their political opponents have charged them with abolitionism, or attributed to them a desire to interfere with slavery in the States, or some fanatic has insisted they ought to do so, the reply has invariably been, that the people who made the Federal Government did not think proper to confer on it such authority; and it has, therefore, no more right to meddle with slavery in a State, than it has to interfere with serfdom in Russia; nor are the people of the non-slaveholding States in any way responsible for slavery in the States which tolerate it, because, as to that question, they are as foreign to each other, as independent governments.

I have labored in and for the Republican organization with entire confidence that whenever it should be in power, each and all of the States would be left in as complete control of their own affairs respectively, and at as perfect liberty to choose and employ their own means of protecting property, and preserving peace and order within their respective limits, as they have ever been under any Administration. Those who have voted for Mr. Lincoln have expected and still expect this, and they would not have voted for him had they expected otherwise. I regard it as extremely fortunate for the peace of the whole country that this point, upon which the Republicans have been so long and so persistently misrepresented, is now to be brought to a practical test and placed beyond the possibility of doubt. It should be a matter of rejoicing to all true Republicans, that they will now have an opportunity of demonstrating to their political adversaries and to the world, that they are not for interfering with the domestic institutions of any of the States, nor the advocates of negro equality, or amalgamation, with which political demagogues have so often charged them. When this is shown, a reaction will assuredly take place in favor of Republicanism, the Southern mind even will be satisfied, the rights of Northern men will be respected, and the fraternal feeling existing in olden times, when men from all parts of the country went forth together to battle for a common cause, against a common enemy, will be restored.

Disunionists, *per se*, of whom, unfortunately, there have been a few in this country for some years, understand this, and are now in hot haste to get out of the Union, precisely because they perceive they cannot much longer maintain an apprehension among the Southern people that their homes and firesides and lives are to be endangered by the action of the Federal Government. With such, "*Now or never!*" is the maxim. Hence, they seek to inflame the public mind by misrepresenting the objects and purposes of the Republican party, with the hope of precipitating some of the Southern States into a position from which they cannot, without dishonor, afterwards recede, well knowing, if they delay till after the new Administration is inaugurated and tested, it will furnish no cause for complaints. Secession is an impracticability, or rather an impossibility. The Constitution provides no way by which a State may withdraw from the Union—no way for the dissolution of the Government it creates. The General Government interferes but little with the individual rights of the citizen, except for protection. It is chiefly felt in its benefits and blessings, not in its exactions. If every Federal officer in South Carolina were to resign, their offices remain vacant, and its Legislature declares the State out of the Union, it would all amount to little except to inconvenience the people of that State, so long as the State did not interfere with the collection of the revenue on the seaboard. The people in other portions of the Union would not be in the least incommoded. What is the South Carolina Army to do when raised? Manifestly, if it commences a war on the U. S. officers engaged in collecting the revenue, it becomes the aggressor.

This would be revolution and making war without a cause, for South Carolina makes no complaint against the present revenue laws. Is she prepared for this? To become the aggressor? The only use for her minute men that I can see is that they will enable the people more readily to suppress any uprisings in their midst, which their misrepresentations of our purposes may have encouraged. She complains that the fugitive slave law is not executed in some of the States. This, if true, the whole country knows to be a sham so far as South Carolina is concerned. She is so situated that no Slave can escape from her limits into free States. However much cause the border States may have to complain of the escape of their negroes into free States, it is clear that South Carolina can have no such complaint. In her resolves, she professes to be preparing to defend herself against encroachments on her rights. Let her adhere to this policy, and not attempt to dictate to other States what they shall do, and no collision will occur, for no encroachments will be made.

The disunion feeling in the South is doubtless greatly exaggerated. A sort of terrorism seems to prevail in some places, which for the time appears to have crushed out any manifestation of Union sentiment; but as the causes of their excitement are all imaginary—the election of a Republican President,—in the constitutional mode, certainly affording no excuse for it, it is reasonable to suppose that a reaction will soon take place among the Southern people themselves which will overthrow the disunion at home.

It is a great mistake to class the supporters of Mr. Breckinridge as disunionists.—Some few of them may be, but Mr. Breckinridge himself and his supporters as a class are, I doubt not, as sincerely attached to the Union as many of those who, for political purposes during the recent excited contest, sought to fasten upon them the stigma of disunion.

Should the conservative and Union men in any particular locality be unable to cope with their adversaries, and South Carolina or any other State, under the lead of nullifiers and disunionists, who have for years been seeking a pretext for breaking up the government, plunge into rebellion, and, without cause, assail by force of arms the constitutional authorities of the Union, there will be but one sentiment among the great mass of the people of all parties and in all parts of the country, and that will be, that "The Union, it must and shall be preserved," and woe to the traitors who are marshaled against it!

Should any Republican inquire what has been gained by the triumph of Republicanism, I answer, much. We have gained a decision of the people in favor of a Pacific Railroad, a Homestead policy, a judicious Tariff, the admission into the Union of Kansas as a free State, a reform in the financial department of the government, and more important than all, the verdict of the people, the source of power, and from whose decision there is no appeal, that the Constitution is not a slave-extending instrument. No more Dred Scott decisions will be made. Freemen both of the North and the South will hereafter be protected in all their constitutional rights. The policy of the government, as of old, will now set in favor of freedom, and not for the supremacy of slavery, as has been the case for the last six years. Freedom will henceforth be the law of the territories, because the people in their majesty have so decided, and neither courts nor Congresses will be able to thwart their will.

When full effect shall have been given to all these great measures of the Republican party, and the prejudices engendered against it in the minds of many by the artful appeals of demagogues who have misrepresented its objects, shall have been removed by actual knowledge of its acts, we may expect the bitterness of party spirit to subside, the cry of disunion to be hushed, and the principles of Republicanism to become the permanent policy of the government, under which it will flourish and prosper, as I trust, forever.

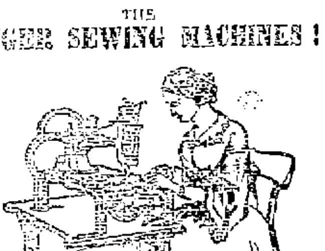
Sewing Machines.

THE

SINGER SEWING MACHINES!



The marked and ever extending popularity of

Singer's Sewing Machines!

BOTH IN AMERICA AND EUROPE, is such as best to establish their superiority over all others in the market. Sewing Machines—so called—may be bought, it is true, for a smaller amount of dollars, but it is mistaken economy to invest anything in a worthless or unreliable article, and those who do so must abide the consequences.

SINGER'S NEW FAMILY MACHINES.

In order to place THE BEST FAMILY MACHINES IN THE WORLD within the reach of all, we have reduced our LETTER A, OR TRANSVERSE SHUTTLE MACHINES, beautifully ornamented, to $50.

SINGER'S NO. 1 AND 2 STANDARD SHUTTLE MACHINES.

Both of very general application and capacity, and popular both in the family and the manufactory. Prices reduced, respectively from $135 and $150 to $90 and $100.

SINGER'S NO. 3 STANDARD SHUTTLE MACHINE,

For carriage makers and heavy leather work. Price complete, $125. Also, to complete the list an

ENTIRELY NEW ARTICLE,

Unequalled for manufacturing purposes! NOISELESS, RAPID, and capable of every kind of work! Price, (including iron stand and drawers,) $110—cheaper at that in view of its value than the machines of any other maker as a gift.

All of Singer's Machines make the interlocked stitch with two threads which is the best stitch known. Every person desiring to procure full and reliable information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing, can obtain it by sending for a copy of I. M. Singer & Co.'s Gazette, which is a beautiful pictorial paper entirely devoted to the subject. It will be supplied gratis.

☞ Transportation will be added to the above prices, in all cases.

American Watches,

MADE BY THE

AMERICAN WATCH COMPANY,

AT WALTHAM, MASS.

Attention is invited to the following statement and the accompanying letters of recommendation and testimonials, in favor of these celebrated Watches.

A gold medal was awarded the Company by the American Institute at New York in 1857.

The Company also received the first premium—a gold medal from the Franklin Institute, Philadelphia, in 1858.

These Watches have now been in market for nearly ten years, during which time they have been tested as to accuracy, durability, and reliability in every conceivable manner, and have proved themselves to be the most satisfactory time-pieces ever offered to the public.

This result has been brought about by a strict application of mechanical science to the construction of the Watch from its very inception, rendering it when finished, mathematically correct in all its proportions, and necessarily as perfect a time-keeper as it is possible to make.

The Company have tested their Watches in many instances, by actual daily noting, and the result of this test has been that they have exhibited a rate equal in regularity to the best marine chronometer.

From the Prairie Farmer, Oct. 1860.

AMERICAN WATCHES.—Nearly a year ago, we received from Messrs. Robbins & Appleton, General Agents of the American Watch Company, and *paid for* a good looking watch, "warranted," with the request that after thorough trial we should say what we thought of it, editorially. It has been our constant companion nearly a year. We have had no fault to find with the way it has ticked the time. *We do not want a better timepiece* than this has proved to be thus far. Once regulated (and we regulated it ourself) it has scarcely varied a half minute a month from "transit time." Added to its quality as a good time keeper, it is honestly and substantially made. Were we going to purchase, we should *prefer* an American watch.

Office of the Tribune, New York, Oct. 27, 1859.

American Watch Company, Waltham,

Gentlemen,—Having carried one of your watches for the last eight years, I can say confidently that they will do, and may be bought with assurance that they will keep time. I believe the watch unsurpassed.

HORACE GREELEY.

New York, Aug. 2, 1860.

Gentlemen—In reply to yours of 25th ulto, we take pleasure in stating that the American watch now in use upon our railroad, has varied only six seconds, in a little over six months.

Respectfully,

S. W. & W. A. TORREY,

Contractors on the Bar. and Del. Bay R. R.

To Messrs. Robbins & Appleton.

Boston, Sept. 27, 1859.

Mr. R. E. Robbins, Treasurer Amer. Watch Co.:

Dear Sir—It gives me great pleasure to comply with your request for a report of the performance of the American Watch I purchased of you Dec. 2, 1858. It was set on that day, and the variation from true time to the 29th of February, 1859, when I let it run down, was ten second fast. From that time to the present, it has run with nearly perfect steadiness, having during the eight months remained at from seven to nine seconds fast, and this with an commonly rough usage. I can commend your manufacture in the highest terms.

Yours truly,

JAMES H. CLAPP,

Firm of Clapp, Fuller & Brown, Bankers, Boston.

The following named gentlemen may be referred to in relation to these Watches:

Hon. Hannibal Hamlin, Me.; John G. Saxe, Vermont;
N. P. Willis, New York; Hon. N. P. Banks, Mass.
Horace Greeley; Frank Leslie;
Cyrus W. Field, New York; Wm. H. Cary, N. Y.;
Paul Morphy, New Orleans; Norman Wiard, Wis;
Dr. J. Marion Sims; Prof. Bartlett, West Pt;
Lieut. H. A. Wise, U. S. N.; Col. W. J. Hardee, U.S.A;
S. I. Prime, D.D., Wb't Pls; Wilson G. Hunt, N. Y.;
Gen. G. P. Morris, N. York; Peter Cooper, N. York.

CAUTION.—As our Watch is now extensively counterfeited by foreign manufacturers, we have to inform the public that no watch is of our production which is unaccompanied by a certificate of genuineness, bearing the number of the watch, and signed by our Treasurer, R. E. Robbins, or by our predecessors, Appleton, Tracy & Co.

As these watches are for sale by jewelers generally throughout the Union, the American Watch Company do not solicit orders for single watches.

THE BLESSING AFTER SERVICE.

I was within a house of prayer,
And many a wounded heart was there;
And many an aching head was bowed,
Humbly amidst the kneeling crowd;
Nor marvel, where earth's children press,
There must be thought of bitterness.

O! in the change of human life—
The anxious wish, the toil, the strife—
How much we know of grief and pain,
Ere one short week come round again!
Bend every knee, lift every heart,
We need God's blessing ere we part.

Then sweetly through the hallowed bound,
Woke the calm voice of solemn sound;
And gladly, many a list'ning ear
Watch'd, that pure tone of love to hear;
And on each humbled heart, and true,
God's holy blessing fell like dew.

Like dew on Summer's thirsty flowers;
On the mown grass, like softest showers;
On the parch'd earth like blessed rain
That calls the spring-bloom back again.
O! to how many a varied sigh,
Did that sweet benison reply.

"The peace that God bestows,
Through him who died and rose;
The peace the Father giveth, through the Son,
Be known in every mind,
The broken heart to bind;
And bless ye, travelers, as ye journey on!"

"Ye who have known to weep
Where your loved sleep;
Ye who have pour'd the deep, the bitter cry,
God's blessing be as balm,
The fever'd soul to calm,
And wondrous peace each troubled mind supply."

"Young man, whose cheek is bright
With nature's warmest light;
Whilst youth, and health, thy veins with pure blood swell,
Let the remembrance be,
Of thy god blest to thee,
Peace passing understanding guard thee well."

"Parents, whose thoughts afar,
Turn where their children are,
In their still graves, or beneath foreign skies;
This hour God's blessing come,
Cheer the deserted home,
And peace with dove-like wings around you rise."

"Ere this week's strife begin;—
The war without, within;
The triune God, with spirit and with power,
Now on each bended head
His wondrous blessing shed,
And keep you all, through every troubled hour."
And then within the holy place
Was silent for a moment's space;
Such silence that you seemed to hear
The holy Dove's wings hovering near:
And the still blessing far and wide,
Fell like the dew at evening tide:
And ere we left the house of prayer,
We knew that peace descended there;
And through the week of strife and din,
We bore its wondrous seal within.

Italy to be Free.

From the London Times, Nov. 5.

"Total defeat of the Bourbon army," and "one million three hundred thousand votes in favor of annexation to Sardinia." These are stubborn facts before which even Emperors must bow. Nothing strikes the ordinary man who has only a newspaper to supply him with facts, and common sense to guide his judgment on them, more than the strange notions which Princes and Ministers, with every light of experience and every artifice of statecraft at their command, continually form respecting the course of events. Take, for instance, the most astute and most successful politician of the continent,—the French Emperor. He has shown himself a consummate master of human affairs, he has thwarted and overthrown a succession of opponents, and those who enter the list with him must look well to their armor, nor expose even a crevice to his lance's point. And yet it was this subtle ruler who originated the scheme of an Italian Confederation, with the Pope at its head—a political scheme so impracticable as to have been received at first with incredulity, changing, when the news was confirmed into anger or derision.

Those who look on at the game are proverbially able to see more charity than the players, and it may be our comparative indifference to the result which makes us free from the clouds which sometimes obscure Imperial perceptions. Evidently the passions of those great personages are so strong as continually to blind them; they do not know the strength of the stream which bears them and all European affairs in a certain destined course, and against which Cabinets and Envoys, and even powerful armies, in vain struggle. A Continental autocrat can do much, but it is within certain limits. He may bring prosperity or ruin to the regions over which he rules; he may strengthen or overthrow his own illustrious house; he may keep his neighbors in alarm, or leave them contented and happy to the arts of peace; but these are only eddies in the great current, and whether he will or not, the tide which has set in towards the assertion of freedom and nationality in Europe must flow on, carrying with it him and all his apparatus of coercion.

The union of Italy under one crown is now plainly an inevitable event. The overwhelming majorities in favor of annexation to Sardinia, and the still more overwhelming battalions of Victor Emanuel, have now settled that point. The Bourbon despot has now little more than the ground he stands on to call his own. As no single will has produced the movement, no single will can arrest it. Were even Austria to gain a temporary success, in a few years the strife must commence again. The seed of liberty has been sown broadcast over the Italian Peninsula; it has taken root, and the country is overrun with it. It may be said, with truth, that in no town, even in Venetia, are there to be found a half a dozen families who do not desire to be joined to the Italian Kingdom, and who would not wish to drive the last Austrian out of their country. The future of that empire now in her dearly-kept province is now easily to be read.

It needs no prophetic vision to see the white coats slowly and solemnly marching out of Verona, and abandoning, amid the suppressed excitement of the people, the fortifications lately finished at such enormous cost at Venice. If we see this, we can well imagine that the Czar Alexander and his Minister see it too, and that, refracted and distorted by all sorts of pedantic mediums, it at last reaches the perceptions of the Prussian Cabinet. In fact, everyone can see the hopelessness of a new campaign in Italy, except the provoked and vindictive Sovereign who is longing to undertake it. That Francis Joseph was ready for this mad act there can be little doubt, and that he went to Warsaw to seek for sympathy, if not help, is equally certain. But how he could have expected the Russian and Prussian Courts to countenance his schemes passes the comprehension of ordinary observers. It is a happy thing for the world that the Northern Powers are more suited for defence than aggression, and do not easily bring their legions to the assault of free States.

BOOK-KEEPING

And commercial pursuits generally. It is now in a flourishing condition, and is working under a CHARTER OF INCORPORATION. The rooms are large and commodious, and are fitted up in splendid style. On introducing the subject to the student, he is led carefully, step by step, through the fundamental and general features of the science; and when these are fully realized, he is required to embark into a career of general speculation and merchandising, framing and adjusting contracts, purchases, sales, &c., &c., making the necessary entries in the principal and auxiliary books, in precisely the same manner and order as they are made by the skillful Book-Keeper, in the counting-room of actual business.

Thus when the work is completed, the Student finds himself, not a mere theoretical, but a practical accountant, being fully conversant with every branch of this interesting and important science, as applied to General Mercantile, Wholesale, Retail, Commission, Importing, Exporting, Foreign and Domestic Shipping, Stocks, Exchange, Banking, Manufacturing, Mining, Steamboating, Railroading and business of Compound or Company speculation, in each of which, he has met with adverse as well as prosperous operation.

THE GREATEST

MEDICAL

DISCOVERY

OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One or two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate cases of rheumatism.

Three or four bottles are warranted to cure salt-rheum.

Five or eight bottles will cure the worst cases of scrofula.

One or three bottles are warranted to cure the worst cases of dyspepsia. I know from the experience of thousands that it has been caused by a canker in the stomach.

One or two bottles are warranted to cure sick headache.

One or two bottles are warranted to regulate a costive state of the bowels.

One or two bottles will regulate all derangement of the kidneys.

Four to six bottles has cured the worst cases of dropsy.

By strictly following the directions in the pamphlet around each bottle, and a judicious application of the

SALT RHEUM OINTMENT,

SCROFULA OINTMENT and

HEALING OINTMENT,

every sore and ulcer, of whatever kind or nature, except cancer, that has taken root, is perfectly and permanently cured.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

Nursing Sore Mouth

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

Canker

it extends to the stomach, ensuing

Dyspepsia

which is nothing but canker on the stomach; then on the intestines and

Kidneys

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

Raw and Inflamed,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

Cure;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

Piles.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly, DONALD KENNEDY.

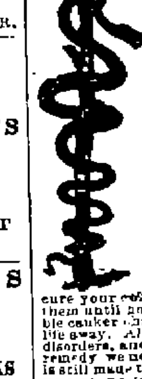
For sale by all Druggists in Milwaukee, and by Druggists generally throughout the Western States. Price $1,00 per bottle. seph138dawly

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

Coughs, Colds, Hoarseness, Influenza, Bronchitis, Whooping Cough, Croup, Asthma, Incipient Consumption,

AND FOR THE RELIEF OF CONSUMPTIVE patients in advanced stages of the disease.



We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the United States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil, to produce the most perfect possible and thus afford to those who rely on it the best agent which our skill can furnish for their cure.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

MOFFAT'S

Life Pills and Phenix Bitters!

THESE MEDICINES HAVE NOW been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

Are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS by their alterative effect upon the fluids that feed the skin, and the morbid state which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these Medicines was cured of Piles, of 35 years standing by the use of the LIFE MEDICINES alone.

FEVER AND AGUE.—For this scourge of the western country, these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure of these Medicines is permanent—TRY THEM, BE SATISFIED AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.—General Debility, Loss of Appetite, and Diseases of Females—the Medicines have been used with the most beneficial results in cases of this description: King's Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters's Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

Sherry Wine Bitters!

The Celebrated New England Remedy

FOR HABITUAL CONSTIPATION,

JAUNDICE, FEVER AND AGUE, GENERAL DEBILITY, AND ALL DISEASES ARISING FROM A DISORDERED STOMACH, LIVER, OR BOWELS.

IT IS A MEDICINAL TONIC THAT most persons require during the summer season. Try its virtues all you who are debilitated and require medicinal aid.

The following is from the best authority. Mr. Stanford is a merchant, well known, and now, to see him, you would behold a man the picture of health.

BLOUNTSVILLE, Henry Co., Ind., May 4, 1860.

MESSRS. J. N. HARRIS & Co., Cincinnati, O.

Gents:—Your Agent visited me to-day, and proposed leaving me a supply of your Richardson's Sherry Wine Bitters on sale. I hailed them as an old and valued friend, for such they proved to me. After hearing a statement of my case, and experience with the bitters, you will not think me enthusiastic when I say that I attribute my present good health, *even life itself*, to the merits of your truly invaluable medicine. Some three years since I was attacked with great nervous debility, which was soon followed by palpitation of the heart, of the most severe and prostrating character. At the expiration of six months I was reduced to a mere skeleton, and was satisfied if relief did not soon come I must pass away. Two physicians attended me a good portion of the time, but their efforts to afford relief were of no avail. Finally one of them suggested a trial of the "Sherry Wine Bitters," and to my great satisfaction, their effects upon me were most beneficial from the start. After using about a dozen bottles I was completely restored, and am now in robust health. You may expect good sales of me, as I shall recommend them on their merits.

You are at liberty to make use of this statement as may best suit you, as I give it freely, and with a hope that others may be induced to try it who are suffering as I was. With all respect, I remain,

Yours truly,
THOMAS STANFORD.

PERRY DAVIS'

VEGETABLE

PAIN KILLER.

WE ASK THE ATTENTION OF THE trade to this long tested and unrivaled

FAMILY MEDICINE.

It has been favorably known for more than twenty years, to be the

ONLY SURE SPECIFIC

For many diseases incident to the human family.

Internally and Externally

It works equally sure.

What *stronger proof* of these facts can be produced than the following letter received *unsolicited* from A. W. Curtis:

ROMEO, Macomb Co., Mich., July 9, 1860.

MESSRS. J. N. HARRIS & Co.

Gentlemen:—The confidence I have in Perry Davis' Pain Killer as a remedy for Colds, Coughs, Burns, Sprains and Rheumatism, for the cure of which I have successfully used it, induces me to cheerfully recommend its virtues to others.

A few months ago I had recourse to it to destroy a felon; although I had never heard of its being used for that purpose, but having suffered intensely from a former one, and having no other remedy at hand, I applied the Pain Killer freely for about fifteen minutes at evening, and repeated the application every hour till the next morning, which entirely destroyed the felon, and increased my confidence in the utility of the Pain Killer.

Yours truly,
A. W. CURTIS,
Minister of the Wesleyan Methodist Church.

THE PAIN KILLER

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveler—on sea and land—and no one should travel on our lakes or rivers without it.

Be sure you call for and get the genuine Pain Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.

Directions accompany each bottle.

COMMERCIAL.

MONETARY.

FRIDAY P. M., Nov. 23, 1860.

Our banks put up the rate of Exchange on the East to 3 ℔ cent to-day, which still leaves a difference of 4 to 5 ℔ cent between the rates here and at Chicago. They did not, however, sell freely at the advance, accommodating only best customers to a limited extent. The general feeling in the market was, however, decidedly better, the improved aspect of matters at New York, inspiring strong confidence in the belief that the "panic" has pretty much subsided. Currency is in fair supply. It will be seen that the bills of the rejected Illinois banks are selling for 80c on the dollar, at Chicago, and are likely soon to be worth more.

NEW YORK MONEY MATTERS.

We have the following money and stock report by telegraph from New York to-day:

Money unchanged. Sterling Exchange selling at 102@103c for best banker's bills. Stocks more active and better, but closed weak. C & R I 54; LaC & M 1⅛; I C scrip 58; Huds 37; '74 coupons 97; M S 15½; do gtd 32½; G & C 65; C & T 23½; Pan 114½; N Y C 76½; Pac Mail 77; Harlem 15½; do pfd 37; Erie 31; C & P 93½; C B & Q 71; Penn 77; M S 2d bds 46½; Har 1st bds 91.

At the Second Board, Stocks were active and better; C & R I 56½; N J C 105½; G & C 66½; Pan 115½; M S gtd 33½; M C 54; Har 15½; N Y C 75½; D & H 85½; C & T 29½; D & W 80; I C scrip 95; C B & Q 72; M S 15½; I C bonds 85½; U S 5's '74 97; Va 6's 80; Tenn 6's 80; Mo 6's 71.

The measures adopted Wednesday by the associated Banks, for relieving the financial pressure, meets universal approval. Banks generally are satisfied, and consequently calls for specie are few. Currency still fluctuating. Closing rates yesterday being from 19 to 20c discount for Southern States; 5 to 10c for Western, Southwestern and Middle, and ½c on New York and New England.

FINANCIAL PRESSURE AT BOSTON.

A despatch from Boston, received here, says that a meeting of Bank officers is being held there to-day, in relation to the financial pressure.

MONEY MATTERS AT BALTIMORE.

The telegraph brings us the following from Baltimore to-day: "The banks discounted nearly a million of dollars, to-day, greatly to the relief of merchants. There was no urgent demand for specie. Stocks improved slightly, but general aspect of business affairs unchanged."

CHICAGO MONEY MARKET.

The *Tribune* of this morning has the following money items:

The exchange market is more steady to-day; but rates among the banks generally are higher. A few of them will not sell at any figure; but the majority supply customers freely at 7@8 per cent. Though the price is high, there is a more cheerful feeling, and if the wheels of business begin to revolve, everything will soon move forward as usual. True, the cost of the movement, till exchange falls, will be heavy, but even that is better than stagnation. There is still a great lack of paper offering, and currency is accumulating largely. Buying rates nominal at 5@6½ per cent.

The demand for gold is very small and confined mainly to those who want very small amounts. Buying rates 8@¼ per cent; selling 20.

THE REJECTED ILLINOIS BANKS.—The bills of the rejected Illinois banks are bought to-day at 80c on the dollar. Our impression is that they will very soon be worth considerably more, and that they will reach nearly if not quite par within a few weeks or months at most. Let those who can, keep them for the present at least.

THE AURORA BANK.—We regret to learn that Messrs. Hall & Brother, owners of the Aurora Bank, have been obliged to close their doors. They own also the National Bank at Equality, Ill., and the Arctic and Hall & Brothers Bank, in Wisconsin. As the bills are all secured, the failure of the owners cannot affect these banks in the least.

FRIDAY P. M., Nov. 23, 1860.

The wheat market opened firm to-day, with an upward tendency. Successive advances of one, two and three cents failed to induce holders to sell to any considerable extent, and on 'Change one or two parties commenced purchasing freely at 76 and 78c for No. 2 and No. 1 spring in store, but the steamer's news was followed by a sudden reaction, prices declining nominally to within 1c of yesterday's figures. The feeling was very unsettled towards the close, and only one or two buyers in the market at the decline. Flour was very dull. It was reported that four or five hundred barrels had changed hands at $3,75@4,00 for country spring Extras, but no transactions were made public, and we were unable to obtain any satisfactory information either from buyers or sellers. The receipts of hogs were trifling and prices lower, $5,50 being an outside figure for dressed hogs, and $5 for live.

There was nothing done in the way of freight engagements. As we stated yesterday, most of the vessels arriving are laying up for the winter, and it will require higher rates than shippers are willing to pay under the present state of Eastern markets to induce any of them to make another trip.

CHICAGO MARKET, NOVEMBER 22.

Receipts at Chicago yesterday included 2,714 bbls flour, 39,858 bus wheat, 16,593 bus corn, 2,570 bus oats, 1,060 bus rye, 1,704 bus barley. In reference to the market the *Tribune* says:

The receipts of hogs to day amounted to 2,565, and the market was more active and a shade firmer. Both packers and shippers entered the market and purchased freely at $4,75@5,15 gross, at which figures the yards were emptied. Good heavy hogs found ready buyers at $5; and extra lots were sold at $5,05@5,15. Beef cattle were very dull, under the unfavorable news from New York, and the sales were light at $2,25@2,75 gross. There is no demand by packers, and several lots shipped here for sale were sent to be packed on the owner's account.

There is a continued stillness in the provision market. A lot of 100 bbls extra heavy mess pork was sold at $17, for shipment to Canada. Cut meats and lard are inactive and entirely nominal. Tallow steady at 9½c. Hides dull and ½c lower.

The wheat market to day was quiet but firm. The demand was chiefly by speculators, and by shippers to fill out cargoes; and only about 55,000 bus were sold, at 78@79c for Northwestern Club; 76@77c for No. 1 spring; and 74@75c for No. 2 do. There was a very limited demand for flour, and the market was dull and 5@10c lower—about 500 bbls having changed hands, at $3,90@4 for fair to good spring extras, and $3,20@3,25 for superfine. Corn was dull and ½@1c lower, with sales of No. 1 and No. 2 at 30½c in store; and new corn at 27c. Oats neglected. Rye and barley quiet and nominal. Timothy seed was rather dull, and somewhat lower—with sales of fair to good at $2,17½@2,22. Highwines dull and heavy—sales at 16@16½c.

Only one vessel was chartered for corn to Buffalo at 10c ℔ 60 lbs.

MARINE ITEMS.

The Wabash Valley Ashore.

On Thursday evening there was a rumor about town that some accident had happened to the propeller *Wabash Valley*, which sailed from this port the previous evening for Grand Haven with a large deck load of freight and some 25 passengers. A despatch from Grand Haven enquiring about her gave rise to the apprehensions for her safety, and the rumor was only too fully confirmed yesterday morning by the announcement that she was ashore at Muskegon, 12 miles north of the former place.

The passengers and crew were all landed in safety, and as the freight was on deck, it will probably escape damage; but the prevalence of heavy northwesterly winds during the last two days gives little ground to hope for the safety of the steamer.—The *Wabash Valley* had been chartered by the Detroit and Milwaukee R. R. Company to run between this port and Grand Haven during the winter, and was making her first trip when the disaster happened. She was owned by Captain Goodrich, of Chicago—who, we believe, was on board when she went ashore—and was insured for $10,000, in New York companies. How she could have missed the harbor at Grand Haven, can only be accounted for on the ground that the snow storm, which has prevailed constantly on the other side of the lake for several days, must have completely obscured the beacon lights. In a despatch to the Company's agent here, Superintendent Muir states that he has chartered another propeller at Detroit, from which we infer that there is little probability of getting off the *Wabash Valley* immediately, if at all. In the mean time the ironing of the *Detroit's* stem has been postponed, and both the Company's steamers will continue running as usual, until the arrival of the other propeller.

ANOTHER GRAIN VESSEL AND CARGO LOST.

We learn that the schooner *Zadock Pratt*, bound from Chicago to Buffalo with a load of wheat has been sunk on Lake Erie, by coming in contact with the wreck of the prop. *Mt. Vernon*—vessel and cargo both lost. The cargo was insured for $15,000, $6,000 in the Buffalo Mutual, and $9,000 in the Security of New York. The *Pratt* was a second class vessel, and owned, we believe, at Cleveland.

NOT VERY WELL POSTED.

Under the head of "marine items" the *Wisconsin* of last evening, says there has been "no boat from Grand Haven the past three days. If the *Wisconsin's* reporter was not too careful of himself to venture outside of his snug sanctum this boisterous weather, he would have known that the steamship *Milwaukee* arrived from Grand Haven yesterday forenoon. She was due Thursday night, but did not leave Grand Haven until yesterday morning on account of the snow storm.

THE LOSS OF THE ROCKET.

The Detroit *Daily Advertiser* brings the following additional particulars of the loss of the fine schooner *Rocket*:

Schooner *Rocket* collided with the barque *Ocean Wave*, in Lake Huron, Tuesday morning about six o'clock, and went down out of sight.

The *Rocket* was owned by Morse & Perrine, sailed by Capt. Wm Ramsay, and laden with 19,200 bus of wheat, shipped by Norton & Co., of Milwaukee. At the hour named, when some twenty miles below Point aux Barques, and five or more miles off shore, the *Ocean Wave*, Capt. Ingraham, bound up, in ballast struck her on the starboard bow, at the timber head, crushing her in and sinking her. Capt. Ramsay, who was not on watch at the time, had scarcely time with his crew to get into the small boat, before the vessel, one of the finest on the lakes, went down, in deep water. The crew made for the bark and were taken on board.

The latter vessel was stove in two or three places above light water mark, and her bowsprit, jib-boom and head-gear carried away. She returned to the St. Clair river, and was to be towed hither for repairs. The crew of the *Rocket* arrived here yesterday morning on the prop. *Susquehanna*.

We are not apprised of the cause of the collision, not having succeeded in learning anything definite from Capt. Ramsay. He was not on deck at the time, and personally knows nothing of the matter, and has sailed long enough to know that the less one says out of Court the better.

PASSED DETROIT.

The following is a list of vessels that passed Detroit on Thursday:

Up—Prop. Sciota; bark Invincible; schrs. Amelia, Ellen Williams, York State, Rush.

Down—Prop. Susquehanna; barks Indiana, Sturgis, Pomeroy, Waverly, Adriatic, David Morris, Arabia, B. S. Sheppard; brig Commerce, John G. Deshler, Globe; schrs. Queen of the Lakes, Bermuda, Wm. Sanderson, W. H. Willard, Mark H. Sibley, W. B. Hibbard, Geo. W. Holt, Arrow, Collingwood, Star of the North, Eli Bates, Ironsides, A. J. Rich, Quickstep, Freeman.

Weather cool and cloudy. Wind NW.

FROM LAKE SUPERIOR.

The stmr. *City of Cleveland* arrived last night at 11½ o'clock. She reports very boisterous weather on Lake Superior, also considerable snow. It was very cold. She left Portage on Sunday last at 3 P. M.—The prop. *Montgomery* was discharging freight at Portage Lake. Left Marquette on Monday at 2 A. M. Passed prop. *Burlington* at Waisky Bay, weather bound. Left the Saut on Tuesday morning. The stmr. *Illinois* was at Bruce Mines, taking on copper. Passed prop. *Mineral Rock* at Detour, bound down.—Passed stmr. *Cleveland* above Point Aux Barques. The *City of Cleveland* brought down fifty tons pig iron and fifty-two tons of copper, for Cleveland.—*Detroit Free Press, Thursday.*

RIVER NEWS.

The splendid stmr. *Milwaukee*, Capt. John Cochrane, will leave this morning for Dunleith and all intermediate landings. The *Milwaukee* is an excellent boat to travel on, and always takes the crowd.

The Ocean Wave went down yesterday with a good load of passengers. The clerk, Mr. Cook, says the *Wave* will make at least one more trip.

There is no ice in the river yet, and we think the boats will run until the 25th—"just as we predicted."

The river has been steadily rising the past week so that from now until it freezes over, there will be a good stage of water for the boats. Freights plenty both up and down.—*St. Paul Pioneer, 21st.*

LOOK AHEAD. BE PREPARED FOR the flood of emigration which will pour in upon us. Look at the South, all on fire. Thousands of thousands will leave and go where they can have free air and free speech, and lands which they can call their own. Now is the time to invest your surplus money in farming lands. Thousands upon thousands of farmers, and others, who have been struggling for years to make money, are now able to invest. The abundant crops have done a wonderful work, and Providence is smiling upon this great State of ours. Our growth and development in wealth and property will be great beyond precedent. What is to be done with all the money, with the accumulating millions now flowing into the pockets of the people? Invest your money in good farming land; nothing is more safe; the land in Wisconsin will all be wanted. The great crisy South will cause thousands of thousands to come and purchase our lands. Wisconsin is the great western State of this, our Union, and thousands are looking toward us. Invest your money in lands that can be purchased at low prices.

I have seven thousand five hundred acres of farming lands in the Northern and Western parts of our State, which I am instructed to sell at reduced prices. The lands principally are in good neighborhoods, and within short distance of railroads. I have also improved farms to sell, and I also am ready to act as agent for any who have lands and farms for sale; send in your list, with a full description of your property, the covenants, price, terms, &c., and I will pay that attention it requires.

MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'Ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man "Can you hease me of an 'eadache?" "Does it hache 'ard," says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'n 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anaemia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relieved her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarther and give me the Pills and don't be all day about it aither.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentery, Diarrhoea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy.

Physician.—You can get them at any Druggist's. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a *real blessing.*

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

OVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

DID you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.

Cephalic Pills

CURE Sick Headache

CURE Nervous Headache

CURE All kinds of Headache.

By the use of these Pills the periodic attacks of *Nervous* or *Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness.*

For *Literary Men, Students,* Delicate Females, and all persons of *sedentary habits,* they are valuable as a *Laxative,* improving the *appetite,* giving *tone and vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the *nervous* system or from a deranged state of the *stomach.*

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children.*

SOYER'S SULTANA'S SAUCE.

For Hot and Cold Dishes of all Kinds

THIS MOST DELICIOUS and appetising Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original receipt. It is the most economical relish in use, being much cheaper than any other Sauce, and is highly approved of as a stimulant to the appetite and aid to digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER'S new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of slow and weak digestion."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh and Fowl, and should have a place on every table."—*Atlas.*
